Re-launch

Such a rich and interesting family needs sources of information: There exists a website and now this newsletter – first created 15 years ago to be awakened again.

by Niklaus Gnädinger

Let's remember: In 1982, a first family reunion took place - 1987 a second. In those days people of a generation attended, who passed away in recent years, forever. We mourn this. Still there are a few, however, and now the bow shall go to the next generation.

In 2000, a website was launched and in the same year I launched a test version of this newsletter. Now, for a relaunch possible topics as listed below could be taken up. The idea is that this should not come from one source. The content of this should not come out of one hand but also take into account the different regions, languages and interests.

Layout and content may change from time to time probably mainly in the beginning depending from you and your encouragement. And - it should lead to a future family reunion.

I hope this action will find encouragement.

The following topics are proposed:

- History
- Families
- Genealogy
- Business
- Advertising / adverts
- Anniversaries (eg. BD)
- Travelling
- etc.

So, what do you think?

I am happy to hear from anyone:

Thanks in advance and hear from you soon.

With joyful Gnädinger greeting

actual / interesting

- Gnädinger live in the Black Forest around the Lake of Constance overall in Germany in France in Spain in Argentina in Israel in Switzerland
- It seems that the Gnädinger's come originally from Austria (Feldbach, Tirol)
- In Ramsen (Switzerland) the Gnädinger's history can be followed from 1572
